Index to Volume 12
Subjects

ABORTION, hemorrhage due to, 524
Acne vulgaris, management, 34
ACTH, case selection and administration, 517; treatment of pediatric allergy, 563
Adoption, effect on fertility, A-26 (Oct.)
Adrenals, disease as cause of amenorrhea, 72; function and response to ACTH, 518
Allergy, ACTH in asthma and dermatoses, 521; as cause of itching, 7; to cold, A-26 (Dec.); conjunctival test for serum sensitivity, A-28 (Sept.); dermatitis of hands, 41; in children, 223; in children, drugs used in treatment, 563; reactions to drugs used in treating tuberculosis, A-26 (Oct.); urticaria, causes and treatment, 52
Amebiasis, treatment, A-28 (Oct.)
Amenorrhea, *see* Menstruation, absence of
Anesthesia, for gallbladder surgery, 213; local, in management of itching, 5
Anorexia nervosa, as cause of amenorrhea, 73; physiologic aspects, 407
Antibiotics, current use, 167; treatment of bacterial infections of skin, 15; treatment of eye diseases, 552; treatment of impetigo, A-26 (Oct.); treatment of pyelonephritis, 292; treatment of respiratory infection in heart patients, 256
Aorta, coarctation, surgical treatment, 118; syphilis, 84
Arthritis, rheumatoid, results of treatment with ACTH, 519
Asthma, in children, 223; results of treatment with ACTH, 521
Aureomycin, *see also* Antibiotics; treatment of amebiasis, A-28 (Oct.); treatment of syphilis, 88
Azopyrin (azulsulfidine), A-28 (Nov.)

BANTHINE, new drug for treatment of peptic ulcer, 308
Barbiturate addiction, 206
BCG evaluation, 101, 264, 469
Bile duct injuries, prevention and repair, 212
Biopsy, relation to spread of cancer, A-28 (Oct.)
Blindness, *see* Eye
Blood, dyscrasias as cause of abnormal bleeding in childhood, 89; dyscrasias as cause of uterine hemorrhage, 528
Blood pressure, high, chronic pyelonephritis as cause, 288
Blood vessels, grafts, preservation, 239
Bone, changes in hyperparathyroidism, 293; fractures, *see* Fractures; grafts, preservation, 239; infection, osteomyelitis, 133
Book reviews, Applied physiology (Wright), A-50 (Dec.); The autonomic nervous system (White, Smithwick, Simeone), A-52 (Dec.); Cardiac emergencies and heart failure (Master), A-54 (Sept.); Cardiac pain (Rinzler), A-52 (Nov.); The clinical use of fluid and electrolyte (Bland), A-52 (Dec.); Correlative cardiology: an integration of cardiac function and the management of cardiac disease (Shaffer, Chapman), A-56 (Sept.); Doctors differ (Williams), A-54 (Dec.); Electrocardiographic studies in normal infants and children (Ziegler), A-58 (Sept.); Essentials of dermatology (Tobias), 580; Internal medicine (Musser, Wohl), A-52 (Oct.); Liver injury (Hoffman), A-54 (Aug.); Management of the newborn (Parmelee), A-52 (Aug.); The metabolic response to surgery (Moore), A-50 (Dec.); Modern trends in gastro-enterology (Jones), A-50 (Oct.); The 1951 year book of endocrinology, 580; Normal blood pressure and hypertension (Master, Garfield, Walters), 580; Office endocrinology (Greenblatt), A-54 (Aug.); Pharmacology in clinical practice (Beckman), A-52 (Sept.); Post-graduate lectures on orthopedic diagnosis and indications (Steindler), A-54 (Sept.); Practical pharmacology (Burn), A-52 (Sept.); Preventive medicine and public health (Smillie), A-54 (Nov.); Principles and practice of anesthesiology (Collins), A-54 (Nov.); Renal function (Bradley), A-54 (Sept.); The scalp in health and disease (Behrman), A-54 (Oct.); The skull and brain roentgenologically considered (Schwartz, Collins), A-54 (Nov.); Surgery and the endocrine system (Hardy), A-52 (Aug.); Surgical gynecology (Greenhill), A-56 (Sept.); Survey of clinical pediatrics (Slobody), A-52 (Oct.); The treatment of diabetes mellitus (Joslin), A-50 (Nov.); The treatment of injuries to the nervous system (Munro), A-50 (Nov.); Text-book of ophthalmology (Duke-Elder), A-56 (Sept.); A textbook of pharmacology (Salter), A-52 (Sept.); Toxemias of pregnancy (Dieckmann), A-52 (Nov.); The unipolar electrocardiogram (Barker), A-52 (Oct.); Urological pathology (Herbut), A-50 (Aug.); Vascular diseases in clinical practice (Wright), A-54 (Oct.)
Brain, atrophy after cerebral vascular accident, A-28 (July); electroencephalography in children, 464; inflammation due to toxoplasmosis, 93; inflammation as cause of parkinsonism, 219; injury as cause of convulsions in children, 461; injury, subdural hematoma in infancy, 323; surgery for parkinsonism, 219
Breast feeding of twins or triplets, A-30 (July)
Breech presentation, management, 124; relation to site of placental implantation, 443
Burns, results of treatment with ACTH, 523

CALCIUM metabolism in hyperparathyroidism, 293
Cancer, in rectal polyp, 303; of liver, 260; of stomach, 143; of stomach, prospects for earlier diagnosis, 493; of uterus as cause of hemorrhage, 528; reticuloendotheliosis, 427; spread, and biopsy, A-28 (Oct.)

Cardiospasm, dilation in management, 393
Cardiovascular intrathoracic surgery, 118
Cataract, blindness following removal, A-28 (Sept.); senile, geriatric problem, 372
Causalgia, sympathectomy for, 436
Central nervous system, herpes zoster and, 132
Chloramphenicol, treatment of typhoid fever, 172
Cirrhosis of liver, 260
Cold allergy, A-26 (Dec.)
Colic, *see also* Gallbladder calculi; Kidney calculi; biliary, A-28 (Nov.)
Colon, inflammation, treatment of intractable ulcerative colitis, 339
Convulsions, recurrent, in children, 461
Cortisone, *see also* ACTH; and corticotropin in treatment of skin disease, 10
Crush syndrome, acute toxic nephrosis, 191
Cryptorchism in newborn, A-28 (Aug.)
Cutaneous, *see* Skin

DERMATOLOGY, *see* Skin
Dermatophytosis, *see* Skin, infection, fungous
Diabetes mellitus, effect of drugs on, A-28 (Dec.)
Diet for patients with liver disease, 262
Duodenum, ulcer, *see* Peptic ulcer

EAR, hygiene of, 451
Edema, starvation, in anorexia nervosa, 407
Elastosis senilis, A-26 (Nov.)
Encephalitis, *see* Brain inflammation
Endocrine glands, effect on growth and development, 399
Epilepsy, petit mal "blackouts" in mentally retarded child, A-26 (Dec.); recurrent convulsions in children, 461
Esophagus, stricture, management of cardiospasm, 393
Eye, blindness following cataract operation, A-28 (Sept.); disease, effect of treatment with ACTH, 522; disease, senile cataract, 372; disease, use and abuse of ointments in, 552; ophthalmic neuralgia due to herpes zoster, 132

FAINTING, possible causes, 55, A-28 (Aug.)
Fehling's solution, reduction by normal urine, A-28 (Aug.)
Fertility, effect of adoption on, A-26 (Oct.)
Fingers, extra, A-26 (Sept.)
Foot, fungous infection, 29; gangrene in aged patient, A-30 (July); problems in children, 177; ringworm of, 509
Forensic medicine, definition of malpractice, 387
Fractures, effect of diagnostic x-ray exposure, 152
Freeze-dry method of preserving bone, skin and blood vessels, 239
Frigidity in women, 145
Fungous infection of skin, 27

GALLBLADDER, calculi and liver disease, 261; calculi, gallstone obstruction of small intestine, 503; disease and biliary colic, A-28 (Nov.); disease, diagnosis and treatment, 353; surgery, prevention and repair of injuries to bile ducts, 212
Gangrene of foot in aged patient, A-30 (July)
Gastric, *see* Stomach
Genetics, mutations due to radiation, 154
Geriatrics, senile cataract, 372
Glands, *see* Adrenals; Endocrine glands; Parathyroids
Grafts, preservation of bone, skin and blood vessels, 239
Growth and development, effect of ductless glands on, 399

HAND, allergic dermatitis of, 41; fungous infection, 29; ringworm of, 509
Headache following lumbar puncture, 160
Heart, arrhythmia, auricular flutter in mitral stenosis, A-26 (Dec.); disease, cardiovascular syphilis, 84; disease, complications, respiratory infection, 255; disease, rheumatic, pulmonary functional disturbances in, 557; disease, treatment of associated apprehension, A-28 (Sept.); failure, congestive, effect of sodium restriction with exchange resin, 537; surgery, 119, 228
Hemorrhage, abnormal bleeding in childhood, 90
Hepatitis, *see* Liver inflammation
Hernia, hiatus, 317
Herpes zoster, 127
Hives, *see* Urticaria
Hospitals, management, rooming-in care of newborn, 233
Hydrochloric acid, therapeutic value, A-28 (July)
Hypertension, *see* Blood pressure, high

ICHTHYOSIS, treatment, A-26 (Sept.)
Immunization, multiple, for world travelers, A-28 (Dec.)
Impetigo, *see also* Skin, infection, bacterial; in allergic children, 223; treatment, A-26 (Oct.)
Infants, feeding, breast feeding of twins or triplets, A-30 (July); feeding, self-demand, 236; newborn, rooming-in care, 233; subdural hematoma in, 323
Infection, bacterial, and ACTH, 522; bacterial, of skin, 15
Inguinal region, infected wound, A-26 (Aug.)
Intestines, *see also* Colitis, Rectum; obstruction of small intestine by gallstone, 503
Iodine, symptoms of iodism, A-26 (Oct.)
Ion exchange resin in treatment of congestive heart failure, 537
Itching, *see* Pruritus

JAUNDICE, *see* Gallbladder disease; Liver disease

KIDNEY, artificial, 197; calculi in hyperparathyroidism, 293; calculi, treatment, 345; disease, chronic pyelonephritis as cause of hypertension, 288; injury, acute toxic nephrosis, 191

LABOR, conduct of, management of breech presentation, 124
Larynx abnormality as cause of congenital laryngeal stridor, 174
Leg deformity, treatment of bowed legs associated with rickets, A-28 (Oct.)
L'Esperance, Elise Strang, Men of Medicine, 187
Liver, disease, management, 259; inflammation, 259
Lumbar puncture, practical aspects, 157
Lung, disease, *see also* Pneumonia; Tuberculosis; disease, chronic, physiology of ventilation in, 329; functional disturbance in rheumatic heart disease, 537
Lupus erythematosus, 530; acute disseminated, results of treatment with ACTH, 521; treatment, A-28 (July)

MANDIBULAR joint dysfunction and trigeminal neuralgia, 419
Medicine, practice of, prevention of malpractice, 387
Men of Medicine, L'Esperance, Elise Strang, 187; Theiler, Max, 382
Menstruation, absence of, differential diagnosis and treatment of amenorrhea, 65; excessive, 526; physiologic basis, 66; relation to episodes of fainting and vomiting, 55, A-28 (Aug.); surgery during, A-26 (Sept.)
Methadone in withdrawal therapy for narcotic addiction, 204
Mitral stenosis, auricular flutter in, A-26 (Dec.); surgical treatment, 120, 228
Mycosis, *see* Fungous infection

NARCOTIC addiction, treatment, 201
Nerves, injury, and causalgia, 436
Neuralgia, trigeminal, and mandibular joint dysfunction, 419

Nitrogen mustard, treatment of reticuloendotheliosis, 427
Nose, hygiene of, 454

OSTEOMYELITIS, acute and chronic, 133
Otorhinolaryngology, hygiene of ear, nose and throat, 451
Ovaries, disease as cause of amenorrhea, 74

PANCREAS, fibrosis, treatment, 566
Parathyroids, diagnosis and treatment of hyperparathyroidism, 293; hyperparathyroidism and kidney calculi, 345
Parkinsonism, medical and surgical management, 219
Pediatrics, *see also* Infants; Names of specific diseases; abnormal bleeding in childhood, 89; allergy in children, drugs used in treatment, 563; foot problems in children, 177; poisoning in infants, A-28 (Nov.); convulsions, recurrent, in children, 461
Penicillin, *see also* Antibiotics; treatment of bacterial infections of skin, 15; treatment of cardiovascular syphilis, 86; treatment of lung infection associated with rheumatic heart disease, 562; treatment of osteomyelitis, 133
Peptic ulcer, differentiation from cancer, 496; duodenal and gastric ulcer, 137; treatment of duodenal ulcer, 308
Phosphorus metabolism in hyperparathyroidism, 293
Pituitary disease as cause of amenorrhea, 70
Placenta, implantation site in relation to breech and transverse presentation, 443
Pneumonia, in patients with heart disease, 258; primary atypical in children, 369
Poisoning, as cause of acute toxic nephrosis, 191; in infants, treatment, A-28 (Nov.)
Polydactylism, correction, A-26 (Sept.)
Pregnancy, complications, cause of breech and transverse presentations in late pregnancy, 443; ectopic, hemorrhage due to, 525
Prostate, massage, excessive, impropriety of, 82
Prostitutes, medical examination, ineffectiveness of, 162
Pruritus, management, physiologic approach, 2; treatment with cortisone and corticotropin, 11
Psoriasis, differentiation from fungous infections, 516
Psychosomatic medicine, anorexia nervosa, 407; apprehension associated with heart disease, A-28 (Sept.); frigidity in women, 145; psychiatric disorders as cause of itching, 7; treatment of narcotic addiction, 201

RECTUM, cancer in rectal polyp, 303
Respiration, noisy, congenital laryngeal stridor, 174
Respiratory tract infection in patients with heart disease, 255
Reticuloendotheliosis, treatment with nitrogen mustard, 427
Rheumatic fever, disturbances of pulmonary function in rheumatic heart disease, 557; prophylaxis, 257; results of treatment with ACTH, 520
Rickets, treatment of bowed legs due to, A-28 (Oct.)
Ringworm of hands and feet, 509
Roentgen rays, cumulative effects of exposure, 152; diagnosis of peptic ulcer, 138

SCALP, fungous infection, 27
Sciatica, causes and treatment, 207
Self-demand feeding of infants, 236
Senility, premature, A-26 (Nov.)
Serum sensitivity, conjunctival test for, A-28 (Sept.)
Shoes for children, 180
Skin, disease, acne vulgaris, 34; disease, allergic dermatitis in children, 223; disease, allergic dermatitis of hands, 41; disease, allergic dermatoses and ACTH, 521; disease, ichthyosis, A-26 (Sept.); disease, lupus erythematosus, 530; disease, pyoderma gangraenosum associated with ulcerative colitis, 340; disease, symposium on dermatology (introduction), 1; disease, treatment with cortisone and corticotropin, 10; grafts, preservation, 239; infection, bacterial, management, 15; infection, fungous, ringworm of hands and feet, 509; infection, fungous, superficial, 27; itching, physiologic approach to management, 2; tumors, benign, treatment, 59
Sodium chloride metabolism in patient with anorexia nervosa, 407
Sodium restriction through use of ammonium and potassium cation exchange resin, 537
Spine, intervertebral disk, protrusion, as cause of sciatica, 206; puncture, aspects of lumbar puncture, 157
Starvation, *see* Anorexia nervosa
Stomach, anacidity, treatment with dilute hydrochloric acid, A-28 (July); cancer, prospects for earlier diagnosis, 493; displacement, hiatus hernia, 317; surgery, *see also* Peptic ulcer; ulcer, *see* Peptic ulcer
Streptomycin, *see* Antibiotics
Sulfonamide compounds, treatment of pyelonephritis, 291; treatment of toxoplasmosis, 96
Surgery, complications, effects of ACTH on, 522; risks, during menstruation, A-26 (Sept.)
Swallowing, difficulty in, management of cardiospasm, 393
Sympathectomy, indications for, 403; in treatment of causalgia, 436
Syphilis, cardiovascular, treatment, 84; diagnosis, doubtful, A-26 (Nov.)

TEETH, malocclusion as cause of trigeminal neuralgia, 419
Terramycin, *see* Antibiotics
Testes, undescended, in newborn, A-28 (Aug.)
Tetanus spores, destruction by heat, A-30 (July); spores, heat resistance, A-28 (Sept.)
Theiler, Max, Men of Medicine, 382
Throat, hygiene of, 455
Thyroid disease, diagnostic tests, 545
Tinea, *see* Ringworm
Toes, extra, A-26 (Sept.)
Toxoplasmosis in children, 93
Tuberculosis, immunity, search for means of producing, 101, 264, 469; in children, 358; reactions to treatment with new drugs, A-26 (Oct.)
Typhoid fever, treatment with chloramphenicol, risks of, 172

URINE, normal, and reduction of Fehling's solution, A-28 (Aug.)
Urticaria, *see also* Pruritus; causes and treatment, 52
Uterus, cancer as cause of hemorrhage, 528; cervix, lesions of, 459; fibroids as cause of hemorrhage, 528; hemorrhage, treatment, 524; rupture, spontaneous, in nonpregnant patient, 534

VAGINA, disease, recognition and treatment of vaginal lesions, 457
Venereal disease, prophylaxis, ineffectiveness of medical examination of prostitutes, 162
Ventilation, physiology of, in chronic lung disease, 329
Vitamin A deficiency and kidney calculi, 347

WOUNDS, infected inguinal wound, A-26 (Aug.)

X-RAYS, *see* Roentgen rays
